Bikeability Cycle Training at Farnborough Primary School

Dear Parents,

The Road Safety Team has provisionally booked some Bikeability cycling courses at Farnborough. On the 25th & 26th September the Bikeability team will be coming to Farnborough to run a cycle training course for our new year 6 class (current Year 5.)

What is Bikeability

Bikeability courses are designed to train children to cycle on the road safely and with confidence, so that they can go on to make independent on-road journeys. Bikeability consist of two levels and takes place over a day and a half.

Level One – registration to break

This is an off road assessment where the pupils will practise basic skills such as; use of gears, stopping quickly with control, manoeuvring safely to avoid objects, looking all around including behind without wobbling and signalling with control.

Level two – break to end of day one. Day two - registration to lunchtime

This takes place on quiet local roads at locations that have been risk assessed. Children are able to use the above skills via a range practical exercises and assessments. Results and feedback are given to all pupils with successful delegates receiving Bikeability badges. More information can be found on our website, address below.
