

## Year 6 Writing Task 1

Draft a letter to Tracy at Horton Kirby to say thank you for leading our visit on Monday.

You should think of including:

- An introductory paragraph
- Details about your favourite / most interesting parts of the session
- A concluding paragraph

## Year 6 Writing Task 2

Here's a couple of snowy Limericks to look at:

There once was a man called Jo,  
Though brave, he was frightened of snow.  
He looked at the flurries,  
Increasing his worries,  
But could ski, just like a pro.

A girl once was skating on ice,  
Whilst eating some hot egg fried rice.  
She slid in a hurry,  
While searching for curry,  
Her bones were all broken – not nice!

Remember the AABBA rhyming pattern.

Now have a go at writing your own snow-inspired Limerick or poem.

## Year 6 Maths Task 1

Complete Arithmetic Practise Paper 12 (see attached).

## Year 6 Maths Task 2

### TILE MOVING

Please see attached sheet. You may wish to cut up some paper and move the pieces around to see what is the least number of moves to get X to the top-right position.

## Year 6 Topic Tasks

### RATIONING RESEARCH

We have mentioned rationing already but haven't gone in to it in any detail.

Do some research to find out some interesting facts about it and the impact it had on people having to live with it. Try to find at least 5.

Make notes of your findings.

### WAR-TIME RECIPES

Try to find out about some of the recipes that were used to make use of limited resources.

Copy out the most interesting recipe you can find.

If you want, you could even make it for tea... 

Mr Smith
