

SCIENCE DAY- FRIDAY 12th JUNE

Dear Parents,

On Friday we will be having a Whole-School Rainbow-Themed Science Day. To begin our day, we will have a professional storyteller- Vanessa Woolf - carrying out two Zoom sessions where she will tell the children a story based on rainbows. The session for Reception and KS1 children will be at 9.30. KS2 children's session will be at 10.30. In order to keep with the theme of rainbows, Vanessa has suggested that it would be good if children could have an object or wear a colour of the rainbow- one of the following red/orange/yellow/green/blue/purple and also have a glass of water with them.

Year Groups	Time	Duration	Meeting ID	Password
Reception and KS1	9:30am	30 minutes	<i>Will be emailed to you</i>	<i>Will be emailed to you</i>
KS2	10.30am	30 minutes	<i>Will be emailed to you</i>	<i>Will be emailed to you</i>

More information about what she does can be found at: <https://www.londondreamtime.com/publicity-stuff/>

There will be three practical activities that the children will carry out and in preparation for Friday here is a list of the resources that you will need:

Reception and KS1	
Activity	Resources
Rainbow in a Jar	Skittles Pipette/Syringe/Eye dropper
Rainbow Spinner Experiment	A piece of card A cocktail stick
Rainbow Water Xylophone	Food colouring (rainbow colours)

KS2
