SHACKLETON'S JOURNEY

William Grill
FLYING EYE BOOKS

CILIP Kate Greenaway Medal winner
A New York Times Best Illustrated Book
AOI Illustration New Talent Award winner

"I felt strangely drawn to the mysterious south. I vowed to myself that some day I would go to the region of ice and snow, and go on and on 'til I came to one of the poles of the Earth, the end of the axis on which this great round ball turns."
— Ernest Shackleton

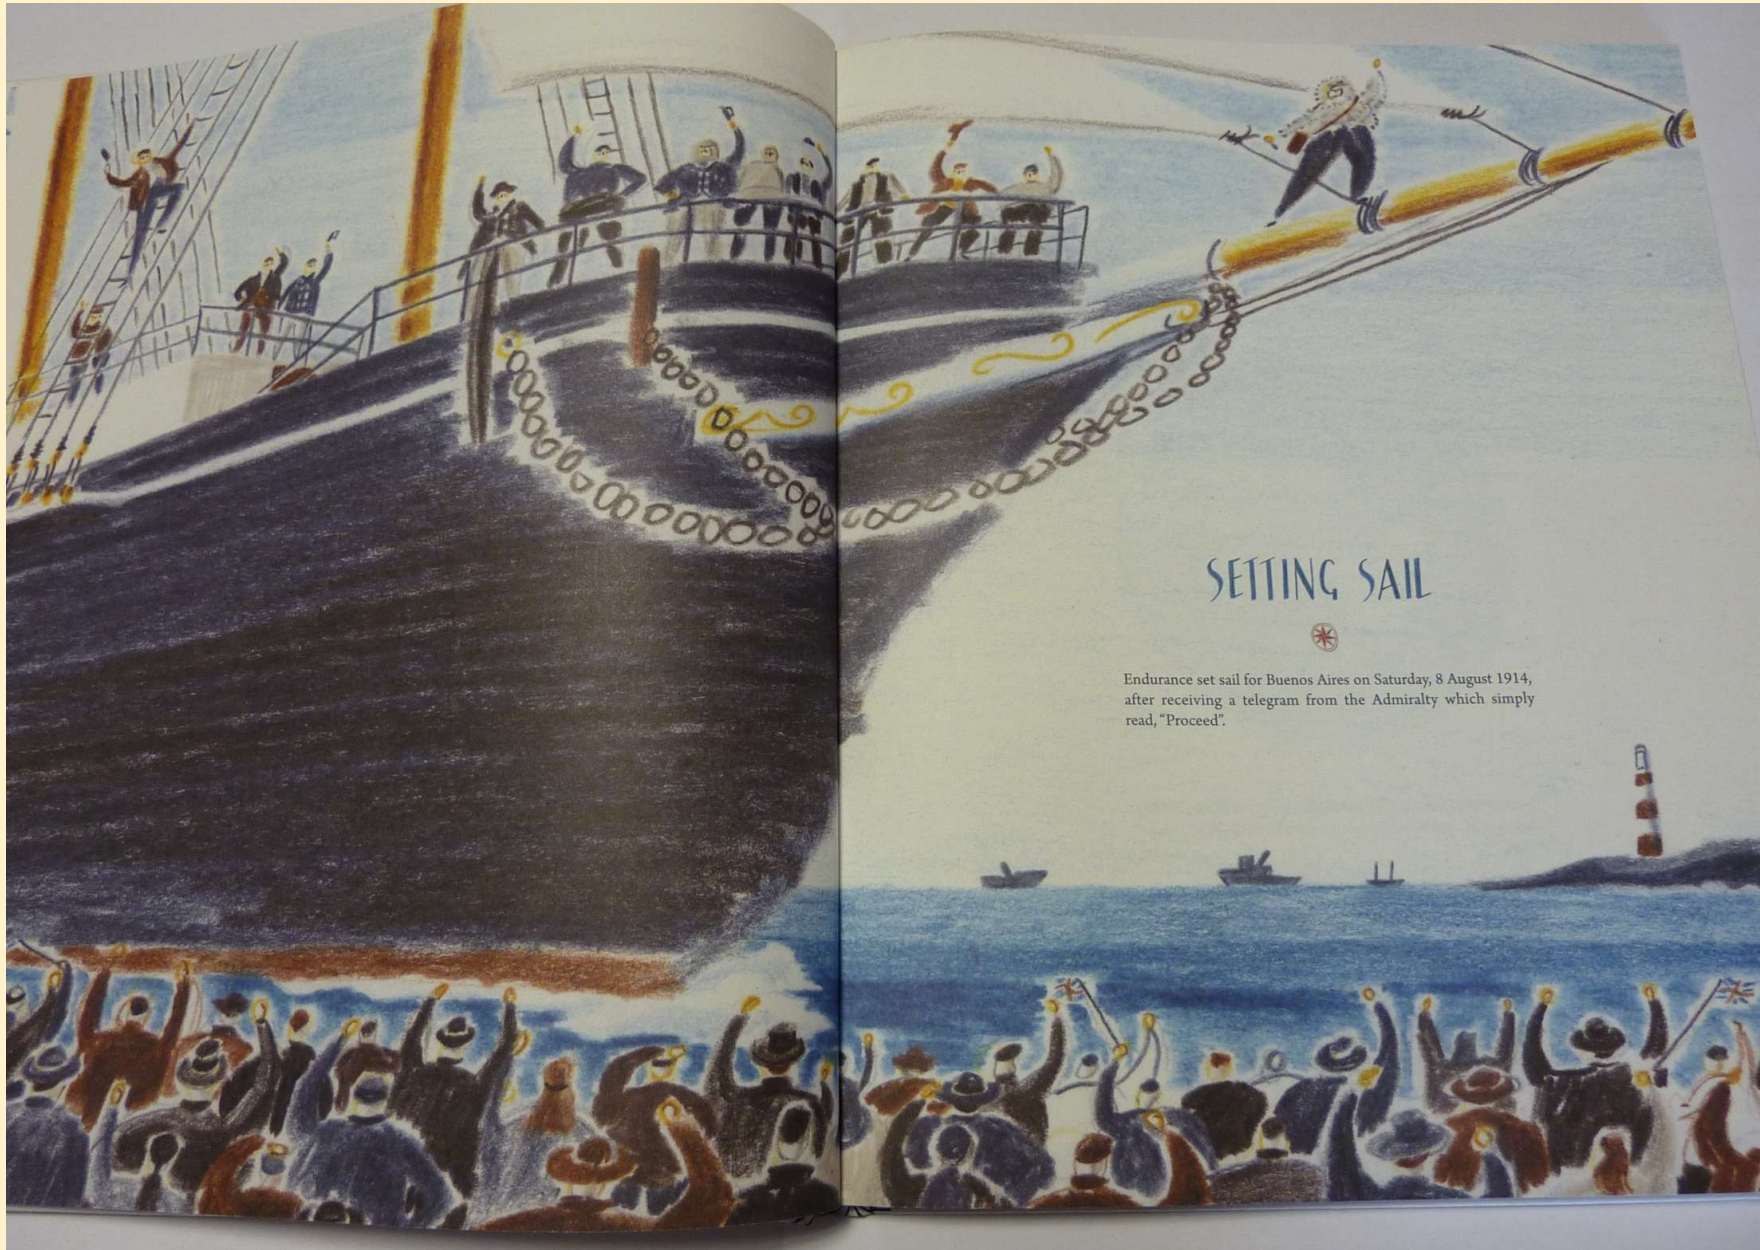

Beautifully illustrated by William Grill,
Shackleton's Journey is the epic true story of how Shackleton and his crew managed to survive crossing the frozen heart of Antarctica, and a testament to their great courage and endurance.

"William Grill eschews panels for wonderfully immersive spreads. A book that captures the rewards and trials of polar exploration in great style."
— the Guardian

SETTING SAIL

Endurance set sail for Buenos Aires on Saturday, 8 August 1914, after receiving a telegram from the Admiralty which simply read, "Proceed".

I would like you to write a newspaper article about Shackleton setting off on his adventure. We will write this over 3 days.

Today I would like to create some quotes to use in your article and plan the sections you will write.

On the next page, I have provided some ideas for people you could create quotes for.

Ideas for people you could create quotes for:

Shackleton - he will say what a great honour it is

Young boy on quay - will want to grow up to explore

An old man - proud

Member of crew's family - worried about danger

Soldier - thinks they should be going to war

Who else can you create a quote for?

Can you write a quote showing an accent? E.g. What's 'e up ta? We is mighty concerned about 'is chances.

Plan what you will write about

You can use the ideas from the link below to help you.

Remember, you can add ideas or remove ideas. Make the article interesting for you.

Go for a walk/run.

You must go with an adult from your home and make sure you stay 2 metres away from other people.

Design a new animal

- Draw a picture of the animal
- Draw a picture of the habitat it lives in
- Label the features of the animal that makes it well suited to its habitat

(On the next page are things to consider about your animal)

Questions to consider

- What covers the skin - fur, scales, shell?
- How tall/small is the animal?
- How many arms or legs?
- How big are the eyes, ears, nose?
- How do the animals communicate?
- Do they live alone, in pairs or in packs?
- Do they need to adapt to changing seasons?
