# SHACKLETON'S JOURNEY

William Grill  
FLYING EYE BOOKS

CILIP Kate Greenaway Medal winner  
A New York Times Best Illustrated Book  
AOI Illustration New Talent Award winner

"I felt strangely drawn to the mysterious south. I vowed to myself that some day I would go to the region of ice and snow, and go on and on 'til I came to one of the poles of the Earth, the end of the axis on which this great round ball turns."  
— Ernest Shackleton

Beautifully illustrated by William Grill,  
*Shackleton's Journey* is the epic true story of how Shackleton and his crew managed to survive crossing the frozen heart of Antarctica, and a testament to their great courage and endurance.

"William Grill eschews panels for wonderfully immersive spreads. A book that captures the rewards and trials of polar exploration in great style."

## SETTING SAIL

Endurance set sail for Buenos Aires on Saturday, 8 August 1914, after receiving a telegram from the Admiralty which simply read, "Proceed".

Today I would like to start writing your article.

Remember to include the 5 Ws - Who, When, Where, What, Why

The first paragraph should summarise the whole story.

Make sure you use the quotes you created yesterday.

If you become stuck, read through the Greta Thunberg article for ideas and check the plan.
