I hope that you all had a lovely half term!

Good morning Unicorns!

Here's your work for today:
Monday 1st June

Let's start the day by being…

Physical activity – minimum 30 minutes each day	Link to resource
5 a day User Name: FPS53 / Password: JFz4XqG7	https://player.5-a-day.tv/
Joe Wicks – PE sessions	https://www.youtube.com/channel/UCAxW1XT0iEJo0TYlRfn6rYQ
Cosmic Kids Yoga	https://www.youtube.com/user/CosmicKidsYoga
PE Hub Parents Portal	https://pehubportal.co.uk/
Go Noodle	https://www.gonoodle.com/good-energy-at-home-kids-games-and-videos/
Go for a walk/run. You must go with an adult from your home and make sure you stay 2 metres away from other people.	

For the next two weeks we are going to be carrying out activities based on 'The Gruffalo'.

To start with, sit back and remind yourself of this fantastic story:

https://www.youtube.com/watch?v=1XBgfNBs6co

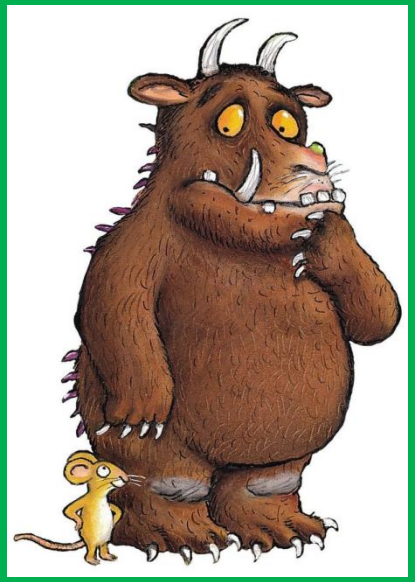
Maths answers from Friday 22nd May:

1. a) Jerry has the most money. b) Sandeep has the least money. c) Children should have circled the left-hand wallet.
2. 2. a) = b) > c) < d) < e) =
3. False, False, False
4. There are two possible answers that use single notes: £20 – £10 = £5 + £5 £20 – £5 = £5 + £10. Children might give alternative answers, where the amounts could be made using notes and coins e.g. £20 – £1 = £5 + £14

Challenge

£11 and 15p > £5 and 15p. £1 = £1

Maths



The Gruffalo isn't as amazing at Maths as all of you in Unicorns Class!

He needs your help to carry out an investigation…

Digit card investigation

You have a set of 1 – 9 digit cards.
You create a 2-digit number by picking up one digit card then picking up another.

1. List all the 2-digit numbers you can make.

2. Identify the numbers that could be made:
   a) smallest odd number?
   b) smallest even number?
   c) largest odd number?
   d) largest even number?

3. a) How many multiples of 2 can you make? Prove it.
   b) How many multiples of 5 can you make? Prove it.
   c) How many multiples of 10 can you make? Prove it.

You can write your answers in your exercise books.

If you would like to try Gruffalo work, complete question 1.

If you would like to try Horrid Henry work, complete questions 1 and 2

If you would like to try James and the Giant Peach work, complete questions 1, 2 and 3.

I'd like you to click on:
https://www.gruffalo.com/in-the-woods/?ReturnUrl=/
And have a go at the 'Colouring in Game' and 'Monster Maker'

Outdoor Activity

Every day I am going to give you an activity that can be carried out either outdoors, (if the sun is shining) or indoors (if we're not as lucky as the weather!).

PAIRS GAME

Rules (2-6 players)

- Shuffle the cards and lay them face down on a table.
- The youngest player goes first. Play then proceeds clockwise)
- On each turn, a player turns over two cards (one at a time). If the pictures on the cards are the same, that player wins that pair and has another go. If the pictures on the cards are not the same the player turns both cards face down again and it becomes the next player's turn.
- The game continues until all the pairs have been found. The player with the most pairs is the winner.

Glue these sheets to a piece of card and your pairs game will be stronger and last longer.
Ask an adult to help you cut along the dotted lines.

Who is going to win this game?

I hope that it's you!

Reading online

Please log on to Bug Club and read for at least 15 minutes

Make sure you answer your bug questions!
