40

minutes

The below You Tube Channel may help you to understand things if you find them tricky - thanks to Aarav for suggesting this:

<https://www.youtube.com/user/mathantics/featured>

I would like you to continue with Power Maths or carry out the tasks on My Maths.

Power Maths (instructions on next slide)
Read and complete from page 60 to page 63. (Answers start from page 164)

My Maths (log in details should have been emailed to you)
Complete 'Modelling percentages'

Try to finish off your story today

Remember you have chosen which story you are writing:

- 1) The story you planned before half term
- 2) A new story you have created
- 3) The story I have planned

It will not be a long story but we must try to make it as exciting and interesting as possible.

Captain Tory

He swung his lantern three times
and slowly the schooner appeared.

Remember: you can use the story you planned before half term; create a new one; use my plan.

Pattern of the story	Mr Atkinson's plan based on Captain Tory
Main character (MC) finds magical portal and enters new world	Boy (Billy, 12) grabbed by Captain Tory and Billy is told he is the Captain's only chance of survival. Sail off into a fog; Billy passes out.
Describe new world	When Billy awakes, boat is sailing through clouds. Clouds act like an ocean.
MC explores new world and encounters a problem	Billy told he must find a special potion. The Captain takes Billy to a mountain in the sky which Billy must climb to find the potion.
MC has to escape and return through the portal	Billy finds potion but the mountain is actually a volcano and starts to erupt (potion was keeping the volcano quiet). He makes it back to the ship and the Captain takes him home.
MC cannot find portal again	Billy often returns to the docks but Captain never returns.

Remember: you can use the story you planned before half term; create a new one; use my plan.

Pattern of the story	You can plan your own story if you would like to
Main character (MC) finds magical portal and enters new world	
Describe new world	
MC explores new world and encounters a problem	
MC has to escape and return through the portal	
MC cannot find portal again	

Physical activity -
minimum 30 minutes each day

Go Noodle

<https://www.gonoodle.com/good-energy-at-home-kids-games-and-videos/>

Go for a walk/run.

You must go with an adult from your home and make sure you stay 2 metres away from other people.

Living Things and their habitats

I would like you to try and identify as many trees as you can that are around you. You can do this on a walk, from inside your house or in your garden.

How many different types of trees can you find?

This is your task for today and tomorrow. Can you look in 2 different places. The link below may help you:
