Dear Parent/Guardian,

Covid-19 - help us slow the spread Please keep your distance at the school gates

The numbers of Covid-19 cases in Bromley are rising, so it is important we work together to do everything we can to reduce the spread of the virus and keep our children, families and communities as safe as possible.

That's why I'm writing to ask you to make sure you follow the social distancing guidance when dropping off or collecting your child from school please, as well as considering wearing a face covering.

Covid-19 spreads mainly through respiratory droplets generated by coughing and sneezing, and through contact with contaminated surfaces, so these simple precautions can be effective in helping to stop the spread of the virus.

Please remember:

Wash hands – regular washing

Cover face – wear a face covering

Make space - at least two metres (6ft 6 ins)

It's a small price to pay to help protect our children, families and others, especially those who are older and with health conditions.

For further information please go to:

https://www.gov.uk/coronavirus

Choose:

Protect yourself and others from coronavirus

Staying alert and safe

Thank you so much for your support.

Yours faithfully

Dr Nada Lemic Director of Public Health London Borough of Bromley

Noda Levic
