Dear Parent/Carer

We are in your child's school delivering the nasal flu vaccination to those for whom we have consent for. If there are any changes in your child's health i.e. they are unwell or have had an increase in their asthma medication, have required steroid tablets in the last 2 weeks, or worsening asthma symptoms, or if they have received the vaccination at your GP's surgery since completing the form, then please write **to the school** by 08.45 on the morning of the vaccinations (**23 November 2020**) informing us of the changes. Minor illness without fever is not a reason to postpone vaccination.

Kind regards

Immunisation Team
