

28 May 2021

Dear Staff, Parents and Carers at Farnborough Primary School,

As you are aware, Miss James has been leading both Farnborough and Worsley Bridge Primary Schools for the last two terms. During this time she has demonstrated the skills and capacity to successfully lead both schools by ensuring school improvement priorities are addressed. Farnborough continues to go from strength to strength.

Nexus Education Schools Trust with agreement with Miss James and the LCM have taken the decision that Miss James will continue her role as leader of both schools for the academic year of 2021 – 2022. Farnborough has a very experienced and stable leadership team that will continue to lead the school as well as provide expertise to other schools in our Multi-Academy Trust.

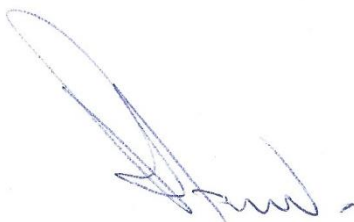

Miss James has successfully fostered a strong working relationship between the staff members at both schools. This has resulted in enhanced training through shared initiatives, an aspect that will be further developed over the coming academic year and will, of course, hugely benefit our children.

As well as enhanced benefits to staff training, we will also be able to use resources more efficiently; providing our children with more enrichment opportunities, such as specialist music lessons led by Bromley Youth Music Trust (BYMT), as well as investing in a wider range of resources across the curriculum from new ICT programs to outdoor play equipment.

The additional leadership capacity that has been in place at Farnborough will be retained to ensure the relentless drive to school improvement continues.

We all look forward to the new academic year which is fast approaching with a sense of excitement for a year with normal school routines and opportunities.

Yours sincerely

Paula Farrow
CEO NEST
