PTA Payment System

The PTA will be trialing a new online ticketing system via Zeffy. This system will enable parents to book tickets for PTA events online, and parents will receive tickets via email with a QR code once payment has been made. There is no need to create an account, parents will just need to scan the QR code or follow the link the PTA will send out for each event.

This will reduce the need to bring cash to school & will enable parents to have easy access to tickets for PTA events.

When booking tickets via Zeffy there is an option to make a donation to the site. **This is optional** and parents should not feel obliged to make this contribution unless they wish to do so.

We hope this system will be useful to parents and we welcome feedback on your experience!

We look forward to seeing you all at the events the PTA will be running this year and thank you for your support.
